

WATERPROOF ABRASIVE PADS

Harvey's abrasive pads are reusable and waterproof; use in place of steel wool to remove oxidation, rust and scale from metal surfaces prior to painting; to clean pipe threads of dirt and debris for application of thread compounds; to polish copper tubing to prepare for solder; to rough up plastic pipe before cementing or to clean machinery, equipment and tools.

Each package contains 5 pads, 4" x 6 1/4" x 1/4".
